<b>APPEALS</b>					
1. <b>Clinch Co.</b> - Appealed based on the number of wins credited to Pataula Charter (9) when one of the wins was against Chattahoochee Co. who played a non-region schedule. As such, their points have been adjusted to 10.15.					
2. <b>Emanuel Co. Inst.</b> - Appealed based on games played vs. Cross Creek who played a non-region schedule. Cross Creek also had games vs. Aquinas and Screven Co. who were both opponents of ECI. As such, their points have been adjusted to 10.97.					
<b>NOTE: Schools are to be reminded of the following:</b>					
1. When calculating points for losses, the opponent's win total is multiplied by 33% not 1/3.					
2. Appeals may be submitted only by the schools who wish to appeal their own points.					
While opponents' schedules may be the basis for the appeal, their appeal will only affect their own point total.
