<b>APPEALS RECEIVED 2/21/14</b>					

	School				
1.	<b>Central, Talbotton (Girls)</b>				
	Appeal is based on a miscalculation of PP Rankings. The ranking on 2/2014 was 9.15 and placed Central in the #17 position. After recalculation the actual point ranking is 9.24, placing Central in the #16 position, and moving Terrell Co. to the #17 position (9.20).				
2.	<b>Marion County (Boys)</b>				
	Appeal was based on a missing game result (2/15/14 win vs. Central, Talbott.) that changed their number of victories from (11) to (12). The ranking on 2/20/14 was 9.76 and placed Marion in the #13 position (tied with GMC). After recalculation the actual point ranking is 9.80, placing Marion in tie with Wheeler Co. in the #12 position. By virtue of the winning percentage vs. Class A opponent tie-breaker, Marion Co. earns the #12 position and Wheeler Co. is in the #13 position.				
3.	<b>1st Presbyterian (Girls)</b>				
	Appeal is based on the inaccurate season record of three opponents (Brookstone, Landmark Christian, Aquinas). This information was verified through MaxPreps. The ranking on 2.20/14 was 9.43 and placed 1st Presbyterian in the #15 position. After recalculation the actual point ranking is 9.62, placing 1st Presbyterian in the #14 position.				
4.	<b>Claxton (Boys)</b>

After recalculation the actual point ranking is 14.59, placing Trion in the #9 position.

	ranking. This appeal is denied based on the current basketball PP policy.			
9.	<b>WD Mohammed (Boys)</b>			
	Appeal is based on not receiving credit for two wins vs. Yeshiva. The question is whether Yeshiva played a region schedule. It was confirmed that they did NOT.			
	Thus, this appeal is denied.			
10.	<b>Lanier Co. (Boys)</b>			
	Appeal is based on two missing games (victories) by opponents (Telfair Co. & Clinch Co.). This information has been verified. The ranking on 2/20/14 was 9.21, placing Lanier in the #17 position. After recalculation the point ranking is 9.43, placing Lanier in a tie with Greenville in the #16 position. 11.	<b>Mt. Pisgah (Boys)</b>			
	Appeal is based on a calculation error based on opponent wins. This information has been verified with MaxPreps. But, the change in the point ranking (10.84 to 11.36) did not affect the position (#11).
