Officials are **required** to have a current 2019/2020 USATF Membership (**bring your member number please!**). <https://www.usatf.org/membership/application/index.asp> (Note: USATF Membership is not required to attend the clinic, but your certification can not be completed without a valid USATF Membership number.)

All officials are required by USATF to take a free 'SafeSport training session, and pass a Background Screening. The information and access to SafeSport and the Background Screening is here: <https://bit.ly/32nr4xx> The cost for the Background Screening is \$16 for 2 years.

Attendees at the clinic,

- will need to take and pass an open-book, Track and Field 'Rules Review' based on the 2016 USATF rulebook (which will be provided at the clinic),
- have their picture taken for their official's badge.

All attendees will be provided with a 2019 USA Track and Field rule book, a Georgia Association official's polo shirt, and a USATF Official's ID Badge holder & clip at the clinic. The official's badge will be mailed to you after they have been produced.

**The cost for a first time official's certification is \$50.00 (\$30.00 for recertifying officials), and can be paid by check (made out to USATF Georgia Association), or cash at the clinic.**

If you are planning to attend the clinic, please let me know so that the necessary planning can be accomplished for a successful clinic. Feel free to contact me either by e-mail or phone with any questions you may have.
